26 FEDERAL PLAZA  
NEW YORK, NEW YORK 10278

JAN 10 1985

CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Re: Quanta Resources Edgewater Terminal,  
Edgewater, New Jersey; Request for  
Information Pursuant to 42 U.S.C.  
§9604(e)(1) and 42 U.S.C. §6927

Gentlemen:

The United States Environmental Protection Agency ("EPA") is charged with responding to the release or threatened release of hazardous substances under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. §9601 et seq. and with enforcement responsibilities pertaining to CERCLA. EPA also regulates the handling of hazardous waste under the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. §6901 et seq.

Section 104(e)(1) of CERCLA, 42 U.S.C. §9604(e)(1), authorizes EPA to require the submittal of certain information from parties who handle or who have handled hazardous substances as that term is defined at §101(14) of CERCLA, 42 U.S.C. §9601(14). Similarly, §3007 of RCRA, 42 U.S.C. §6927, authorizes EPA to request certain information from parties who handle or who have handled hazardous waste, as that term is defined at §1004 of RCRA, 42 U.S.C. §6904. Pursuant to the provisions of those Sections, EPA hereby requires that you answer the questions posed in the Attachment to this letter.

Your company's response to this Request for Information should be postmarked or received at EPA within 25 (TWENTY-FIVE) calendar days of your receipt of this letter, and should be mailed to Ms. Patricia Wells, Site Investigation and Compliance Branch, U.S. Environmental Protection Agency, Region II, Room 402, 26 Federal Plaza, New York, New York 10278.

328059

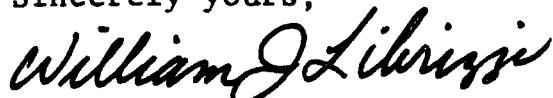

Your company's failure to respond to this Request for Information within the time specified above may subject it to an enforcement action under §3008 of RCRA, 42 U.S.C. §6928. Such enforcement action may include the assessment of penalties of up to \$25,000.00 per day for continued non-compliance.

Be advised that your company is under a continuing obligation to supplement its response if information not known or not available to the company as of the date of submission of its response should later become known or available to the company. Moreover, should the company find, at any time after the submission of its response, that any portion of the submitted information is false, misleading, or misrepresents the truth, the company is under an obligation to notify EPA thereof as soon as possible. If any part of your response is found to be untrue, the signatory and the company may be subject to criminal prosecution.

This Request for Information is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. §3501 et seq. Your company may, if it so desires, assert a business confidentiality claim covering all or part of the information herein requested. The claim may be asserted by placing on (or attaching to) the information, at the time it is submitted, a cover sheet, stamped or typed legend, or other suitable form of notice, employing language such as "trade secret," "proprietary," or "company confidential." Information covered by such claim will be disclosed by EPA only to the extent and by means of procedures set forth in Subpart B, Part 2, Title 40 Code of Federal Regulations (41 Fed. Reg. 36906, (September 1, 1976), as modified at 43 Fed. Reg. 39997, (September 8, 1978)). If no such claim accompanies the information when it is received by EPA, it may be made available to the public by EPA without any further notice to the company.

If you have any questions about this letter, you may call Ms. Patricia Wells at (212) 264-1216. Your cooperation is appreciated.

Sincerely yours,

William J. Librizzi, Director  
Emergency & Remedial Response Division

## ATTACHMENT

### Instructions

In responding to this Request for Information, the following instructions shall apply:

1. In answering each question identify all contributing sources of information.
2. If you are unable to answer a question in a detailed and complete manner, or if you are unable to provide any of the information or documents requested, indicate the reason for your inability to do so. If you have reason to believe there may be an individual who may be able to provide a more detailed or complete response to any question or who may be able to provide documents requested, state that person's name, address and phone number.
3. Where documents are requested but are not available, state the reason for their unavailability. However, to the best of your ability, identify any such document by stating its author, date, subject matter, number of pages, and any recipients.
4. If you cannot provide a precise answer to a question, you may approximate, but in any such instance state the reason why you cannot be more specific.

## Information Requested

1. Were any hazardous substances or wastes which your company hauled, handled or generated between 1972 and 1982 sold for reprocessing, resale, recovery, or disposal to a corporation, company, or other business entity doing business at 1 River Road, 163 River Road, or Box 187, Edgewater, New Jersey 07020, a facility which did business, transported wastes, and solicited business under various business names, which may have included but not been limited to Edgewater Terminals, Inc., Hudson Oil, Hudson Oil Refining Company, Hudson Oil Services, Hudson Refining Corporation, Newtown Refining Corporation, Northeast Oil Service, Oil Transfer Company, Polar Industries, Quanta Resources, or Waste Recovery, Inc., (hereinafter, "the site")? If the answer is yes, please provide all dates on which these substances were sent to the site for disposal or treatment.
2. Please identify the nature and quantity of the hazardous substances disposed of at the site. To identify a chemical or other hazardous substance, include the name, composition, and its source and/or origin. If applicable, identify the manufacturing process in which the hazardous substances were generated and if available, include a copy of any chemical analyses performed.
3. Did your company itself transport these hazardous substances to the site, or were other transporters used? If other transporters were used, please provide the name, address, and telephone number for each, together with an identification of which deliveries were made by each.
4. Please indicate the amount of each type of hazardous substance hauled to the site with respect to each shipment or delivery of waste to the site. For liquid wastes, your answer should be in terms of units of liquid volume (e.g., gallons); for solid wastes, your answer should be in terms of weight (e.g., pounds, tons) or dry volume (e.g., cubic yards).
5. Please submit or identify all documents which relate to the disposal of hazardous substances at the site. To identify a document, describe the nature of the document (e.g. invoice, inventory form, purchase order, etc.), briefly describe the relevant information contained therein, identify by name and job title the person who prepared the documents and if the document is not readily available, identify where it is stored or maintained or why it is no longer available.
6. Define the nature and quantity of hazardous wastes which were generated at your facility during the time period indicated in Question 1. and which are presently generated, and describe methods and frequencies of disposal for each. Please include names, addresses and telephone numbers for each transporter used for off-site disposal, together with an identification of which deliveries were made by each and the disposal locations.
